EXPERIENCE

Technology Analyst

Infosys

Dec 2021 - Ongoing Bhubaneswar, India

- Efficiently manage client interactions, understand and analyze requirements, ensure timely delivery of tasks, and provide consistent support and guidance to the team. (2023-Ongoing)
- Developed components and login authentication using React JS and Vue JS, implemented numerous API's and error handling, enhanced and optimized cart operations, created a tool for a client with React, Node, and MongoDB, worked on Angular JS for bug fixes and critical feature implementation, designed responsive interfaces improving loading speed by 20%, and successfully deployed code into production using Azure Pipeline while fixing numerous production bugs. (2021-2023)

Software Engineer

idiosys Tech Pvt Ltd

Jun 2019 - Dec 2021 kolkata, India

- Worked as a Technology Lead, managing a team and developing applications from scratch in the Pharmacy and e-commerce domains using Vue JS, PHP, YII, MySQL and JavaScript, including payment integration. Additionally, developed an e-commerce application using React JS.

Software Developer

Softech ERP Solutions Pvt Ltd

Jun 2017 - June 2019 kolkata, India

- Worked as a junior software developer, developed an application in the Pharmacy domain for an online medicine store using PHP, MySQL, JavaScript, HTML, and CSS. Handled client interactions, understood requirements, and implemented solutions accordingly.

PROJECTS

Rite Aid Corporation

Rite Aid (Online Pharmacy and Store)

2021-Ongoing USA

- I have created custom AEM components and templates and designed responsive web pages using HTML, CSS, and jQuery. Additionally, I developed a login flow using cookies and implemented various features according to client requirements. I have designed numerous authorable pages and supported my team as an offshore lead. My responsibilities include taking team updates and communicating information to managers or clients. I also developed an application using Vue.js and React.js.
